> I cannot say that I like the food at all, I got tacos and they weren't as flavorful as a previous reviews said they would be. They were actually bland, but everything looks nice sitting on the tray. I was definitely catfished lol! I did like my mango drink though it was refreshing. Service was meh 😕, I think I came at a bad time today which was 2 PM. I must say that I'm a bit disappointed with the ratings being so high on Google for this restaurant. The restaurant is very tight and it seems a bit overcrowded. There's not much room to move around people in the restaurant, without bumping into them, or knocking a drink over or two. There's only one bathroom, which strikes me as nuts being that they have all the tables jam-packed in there and outside on the patio. This experience definitely has proven to me that everybody's taste buds are definitely different lol. They played good music though.

> This was not like the other Rreal Tacos. I ordered a chicken birria taco and got beef. I sent it back 3 different times and still got a beef one, then they preceded to mix chicken and beef thinking I wouldn’t notice. The manger then proceeded to come out and try to tell me that it was chicken just cooked dark like there isn’t a distinct difference in the two. He told me it wasn’t going to be on my bill and still was. Besides this everything else was good, just hated I didn’t get what I ordered. The picture is of the 4th taco I received.

> Great place and service but Togo orders aren’t so great, I ordered two tacos to go with a side of queso and guac and when I got home opened my box my food was just thrown together, really no meat on my taco and no sides i ordered. And I only had one taco. 😕
